

What you might want to know about Mr Rogers

I grew up in a town called Spalding (which is about an hour and a half away) and almost all the members of my family still live there. It was a nice place to grow up (even though the town's name means 'people of the ditches') but I like living closer to a big city like Nottingham more.

This cheeky chap is Hector! I have always wanted a dog and so I was delighted that he came to live with me a few years ago.

Since I like to be busy, I've got loads of hobbies. You'll probably know that I love playing the guitar and so I go to a guitar club regularly. I get quite nervous when we play songs to each other, but love the challenge and feel great afterwards. I was especially brave a few years ago and performed to an audience at a big picnic event in Keyworth. I now own far more guitars than I really need, but they are such beautiful objects that I use them as decorations at home.

Art is a real passion too. I've just finished a painting that I've been working on for nearly two years, on and off. I've enjoyed pottery classes as well. What else? I love playing any sports, even though I'm not especially good at any. I just enjoy being active, trying hard and competing. Definitely competing! (Ask Mr Gingell.)

Every summer, I enjoy a camping trip with my brother and our dogs. Last year we hiked for miles in Exmoor National Park and around its beautiful coastline. My very best holiday was visiting a few states in India, and travelling across the Himalayas by jeep. I swam in a waterfall in the mountains which was **amazing!**

My favourite quotation

IS CHERISHED BY THE WISEST MEN.
