

ENGLISH

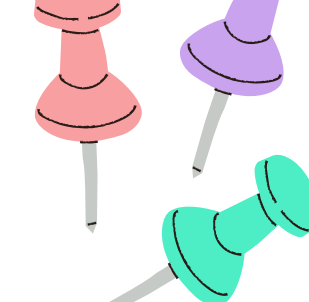

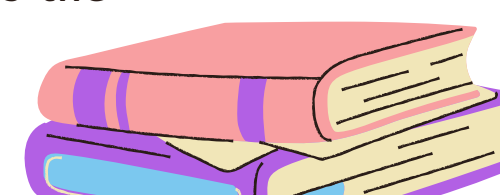

In English this half term we are studying 'Wonder' by R.J. Palacio. We will use the theme of kindness to inspire our own stories with a powerful anti-bullying message. We will also have fun writing an advert for a best friend.

MATHS

In Maths we will be exploring place value with numbers up to 10,000,000. We will then move onto deepening our understanding of the four operations; something that is essential to help prepare our pupils for secondary education and beyond.

GEOGRAPHY

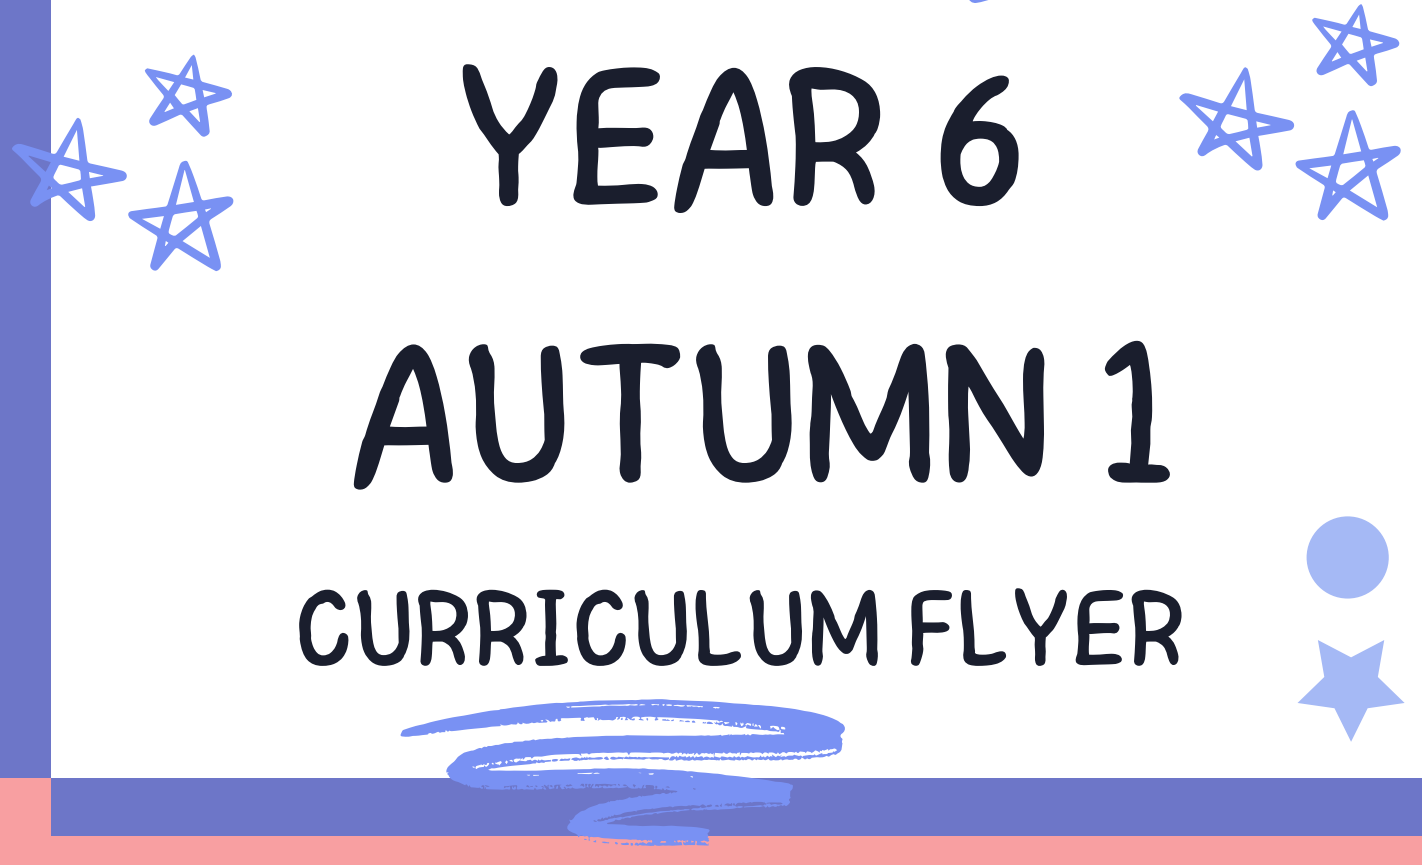

In Geography, we will be studying the USA. This will consist of looking at the key human and physical features of the country, how the population has changed over time, how the climate differs as well as looking at what drives the American economy.

YEAR 6

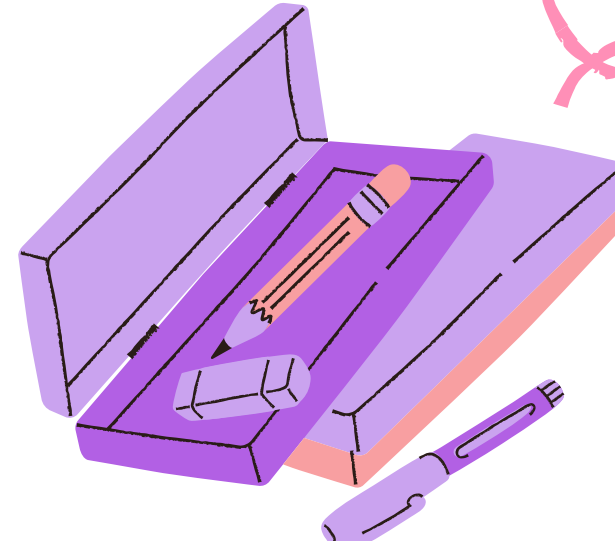

AUTUMN 1

CURRICULUM FLYER

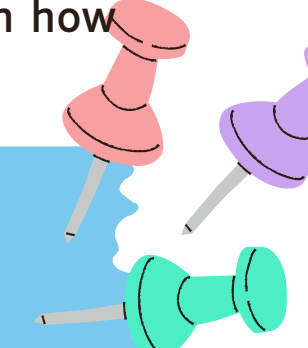

RE

In RE, our unit this half term is all on wisdom. During this unit, pupils will explore what we can learn by reflecting on words of wisdom from religion and worldviews.

SCIENCE

In Science, our topic this half term is on electricity. During this unit we will be exploring circuits: associating the brightness of a lamp or the volume of a buzzer with the number and voltage of cells in a circuit and comparing and giving reasons for variations in how components function.

DT

In Design and Technology, we will be bread making. This will involve carrying out research, adapting a basic recipe, making the bread and evaluating the final product.

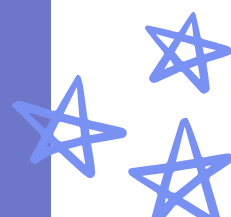

PE

In PE, this half term, we will be participating in Gymnastics. As well as this, we will also be developing our ball skills in basketball.

MUSIC

In Music this half term, our unit of learning is all on composition. We will be exploring the pentatonic scale and staff notation.

YEAR 6 AUTUMN 1 CURRICULUM FLYER

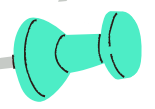

HOW CAN PARENTS HELP AT HOME?

AMaths (MyMaths - online) and English (SPAG.com - online); this will support their transition to secondary as 95% of homework is online. Stickers with passwords/usernames are in each child's reading diary. If your child is still a little unsure of their times-tables (know up to 12x12 in recap recall within 5 seconds), please can you support your child knowing them accurately and at speed - this will be very important as we move on to y6 arithmetic work on fractions, long division and long multiplication later on this term.)

PSHCE

In PSHE, we will be discussing relationships: families and friendships, safe relationships as well as respecting ourselves and others.

COMPUTING

In Computing, pupils will revise their knowledge of PowerPoint, combining animations, sounds and hyperlinks to create a playable game.

SPANISH

In Spanish, we will be learning high frequency Spanish words and phrases as well as learning numbers above 100.
