YEAR 6
AUTUMN 2
CURRICULUM FLYER

ENGLISH

In English this term, our theme is 'horror' We will begin by using a short film called 'Francis' to inspire some diary writing, followed by a study of 'A Christmas Carol' by Charles Dickens.

MATHS

In Maths, we will be consolidating our learning on the four number operations before moving onto fractions with a focus on adding and subtracting proper fractions before moving onto mixed numbers. Finally, we will have a series of lessons on position and direction.

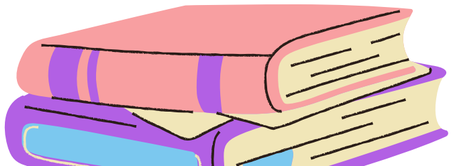

HISTORY

In History, we will be learning all about the Vikings. We will looking to answer our enquiry questions: Do the Vikings have an unfair reputation?

RE

In RE this half term we will be exploring why Christians believe that Jesus was the Messiah and linking this to what we believe the true meaning of Christmas really is.

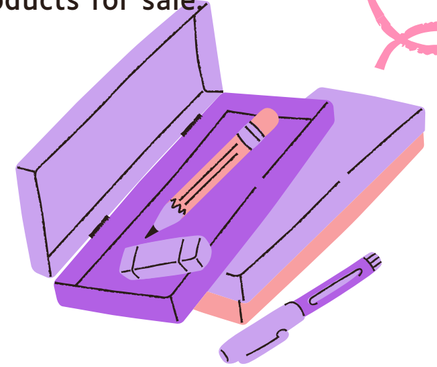

SCIENCE

In Science, we are exploring Light. During this unit we will recognise that light appears to travel in straight lines; be able to explain how we are able to see things; know why shadows have the same shape as they objects that cast them and know how simple optical instruments work.

DESIGN AND TECHNOLOGY

In DT, we will be planning, making and evaluating our very own enterprise product for the Christmas fair. Pupils will follow the design process they have been taught in order to create products for sale.

YEAR 6
AUTUMN 2
CURRICULUM FLYER

MUSIC

In Music, pupils will continue to learn how to play the ukulele. A wider repertoire of songs will be learnt as well as being introduced to sight reading.

SPANISH

In Spanish pupils will be revising key phrases before preparing and presenting a speech, in Spanish, all about themselves.

PSHCE

In PSHE this half term we will be exploring our human rights. We will also consider what is involved in being a good citizen.

COMPUTING

This half term we will be exploring data handling. Pupils will be taught how to add formula to spreadsheets to help make decisions and calculate profit and loss.

PE

This half term, we will be exploring World Games in our lessons with Mr Jalland. We will also be developing skills in dribbling, passing and tactics in our football unit.

HOW CAN PARENTS HELP AT HOME?

As always, we encourage our pupils to read daily and fill in their reading diaries to be checked each Friday. One the the biggest areas some children still need support with is recall at speed of their times tables, especially as we move onto the topic of fractions. Weekly home learning (20/30 minutes of Maths and 20/30 minutes of English) will be sent home on a Friday and collected the following Friday. Year 6 pupils should be able to do all of this independently as it will be work that we have covered in class that week, but we thank you in advance for supporting your child at home.
